

# DEPLOY

*Designed by Broome Jenkins*

# DEPLOY TABLE RANGE

Engineered.  
Flexible.  
Tailored.

The Deploy table range features superb engineering, extensive tooling investment and incorporates only the finest materials and components.

# MULTI TASKING

*Designed by Broome Jenkins, Deploy is a single table designed to fulfil a broad range of sizes and functional requirements.*

*Following extensive research the Deploy table range accommodates the changes taking place in the modern workplace, negating the need to specify numerous different table styles.*

*Deploy is available with either a static or flip top in two heights of 740mm and 1100mm. Table top sizes range from 1200mm x 700mm to 3000mm to 1500mm.*

This image shows a 2400 x 1500mm static top Deploy table, 740mm high with an oak veneer top.

# SIMPLE STRUCTURE

*Deploy's engineered structure and reliable mechanism ensures durability, solidity and a sleek aesthetic.*

Integrated.  
Streamlined.

This image shows a 2400 x 1500mm static top Deploy table, 740mm high with a Black American Walnut veneer top.

*Deploy features a steel painted table structure and a polished aluminium leg frame. Castors or glides are fitted as standard.*

*The Deploy range offers full power and data integration to enhance individual performance.*

# EASY RECONFIGURATION

*Due to its light weight structure, the Deploy flip-top table can be effortlessly and quickly reconfigured. The flip-top mechanism and twin-wheel castors allow the table to be moved with ease.*

Changeable.  
Collaborative.

This image shows five 1500 x 750mm flip-top Deploy tables, 740mm high with a white MFC top.

# SPACE OPTIMISATION

Formation.  
Shape.

*From rows of desks for individual work to formal conference meetings, Deploy can be re-configured to create the most efficient use of space.*

*When not in use Deploy neatly nests together and can be stored away using minimum space; ideal for classroom and training environments.*

This image shows five 1500 x 750mm flip-top Deploy tables, 740mm high with a white MFC top.

This image shows an 1800 x 800mm flip-top Deploy table, 1100mm high with a white MFC top.

# EASY STORAGE

Compact.  
Adaptable.

## How to use your Deploy

*To flip the Deploy table into a vertical position press the red release button located within easy reach on the underside of the table top. With minimum effort the table gently flips into position.*

*The clean design allows for simple nesting together when space is at a premium.*

# ACCESSORIES

**Modesty Panel**  
The removable grey vinyl panel easily hooks onto clips underneath the table top. Other colour variations available (subject to a minimum order quantity).

Cable Tray

Cable Management

**Cable Tray**  
The removable grey vinyl tray discreetly hides power cables. The tray easily hooks onto clips underneath the table top.

**Cable Management**  
The magnetic grey vinyl panel discreetly houses all power and data cables. The panel can be removed from the leg when not in use.

## Power and Data

Pixel

Flip Top

Platinum

Prism

### Full power and data capability

Versatile and fitting flush to the worktop, the units allow full use of the workspace.

Where discreet access to power and data units is required on the surface of a table, the option of a matching self-veneered access flap is available. When power and data is specified, price and delivery will be confirmed upon application.

# SPECIFICATIONS

High table max length = 2000mm

## Finishes

### Standard table top veneer options

### Standard table top melamine (MFC) options

## Environmental Data
