

# eModel 2.0

Let's make your space together

eModel 2.0 line has an GS Safety certificate  
| La gamme eModel 2.0 est certifiée GS (certificat de sécurité)

Imagine a perfect world, a perfect place. You have your own aims and dreams, you are looking for the best, you do everything to make your plans come true. You appreciate every day, you make full use of your precious time thanks to new functionalities and solutions. Your ideal world, the perfect place is close at hand...

**FOR THE  
MOST  
DEMAND-  
ING USERS**

DESK

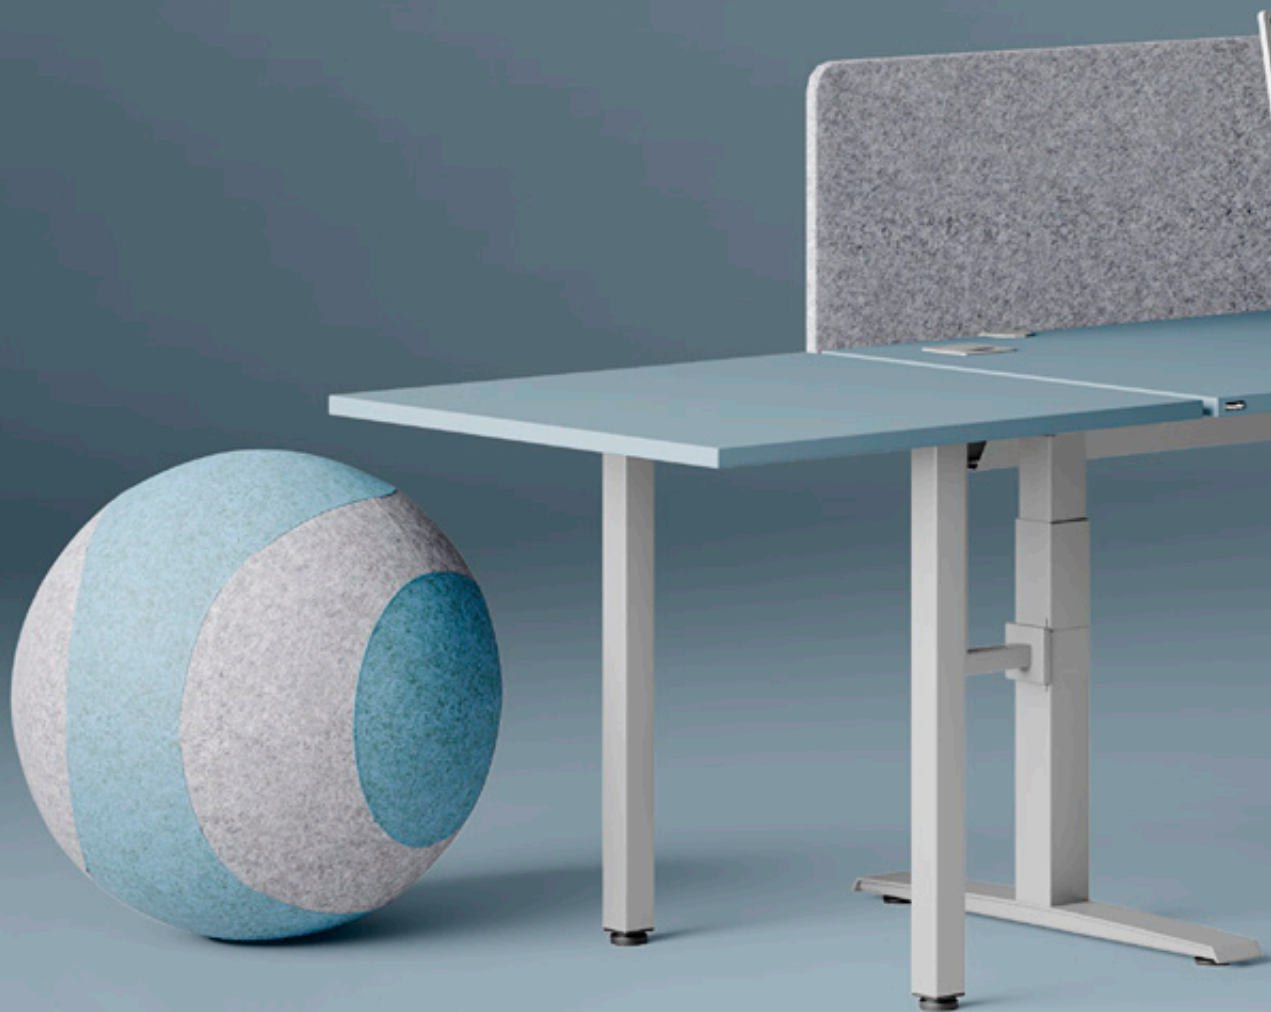

We understand your need to move. This is why eModel 2.0 provides the possibility to work in a sitting and standing position at any time without any effort.

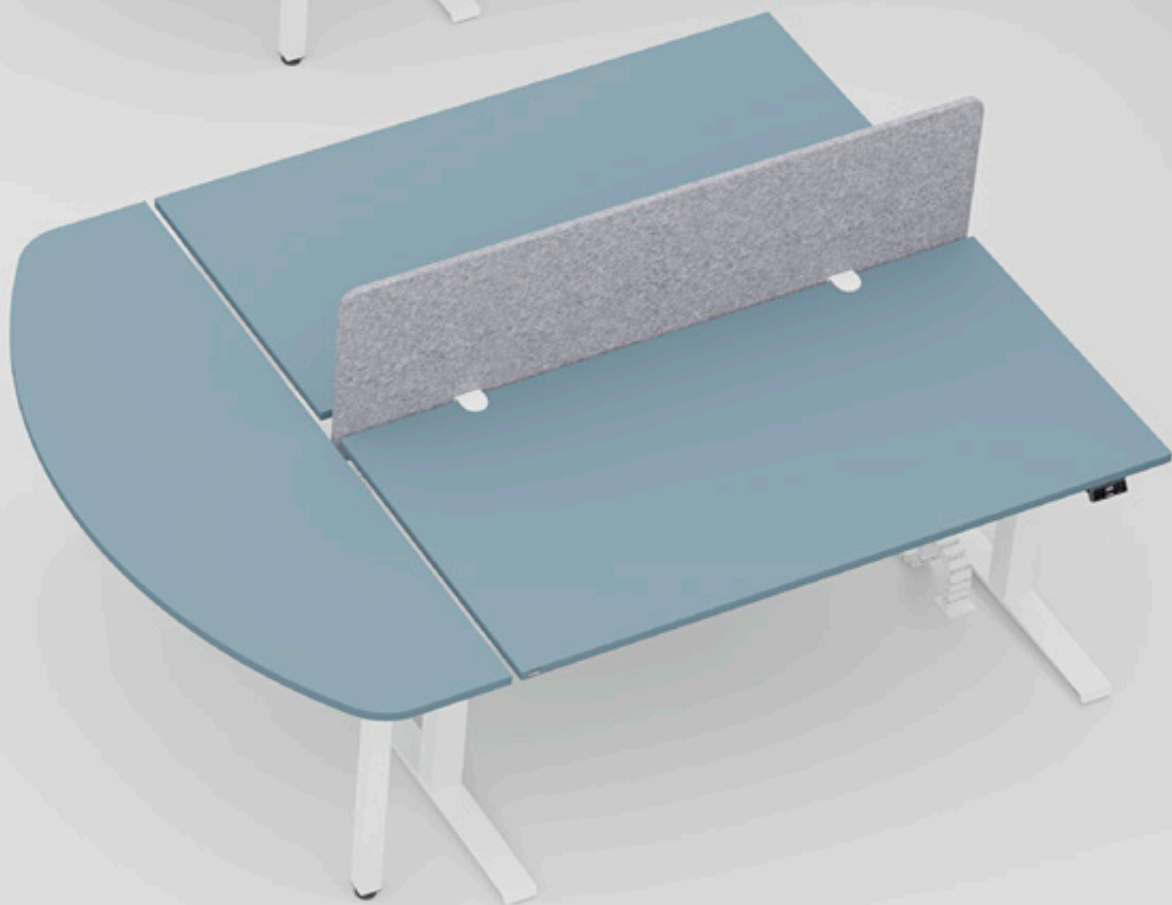

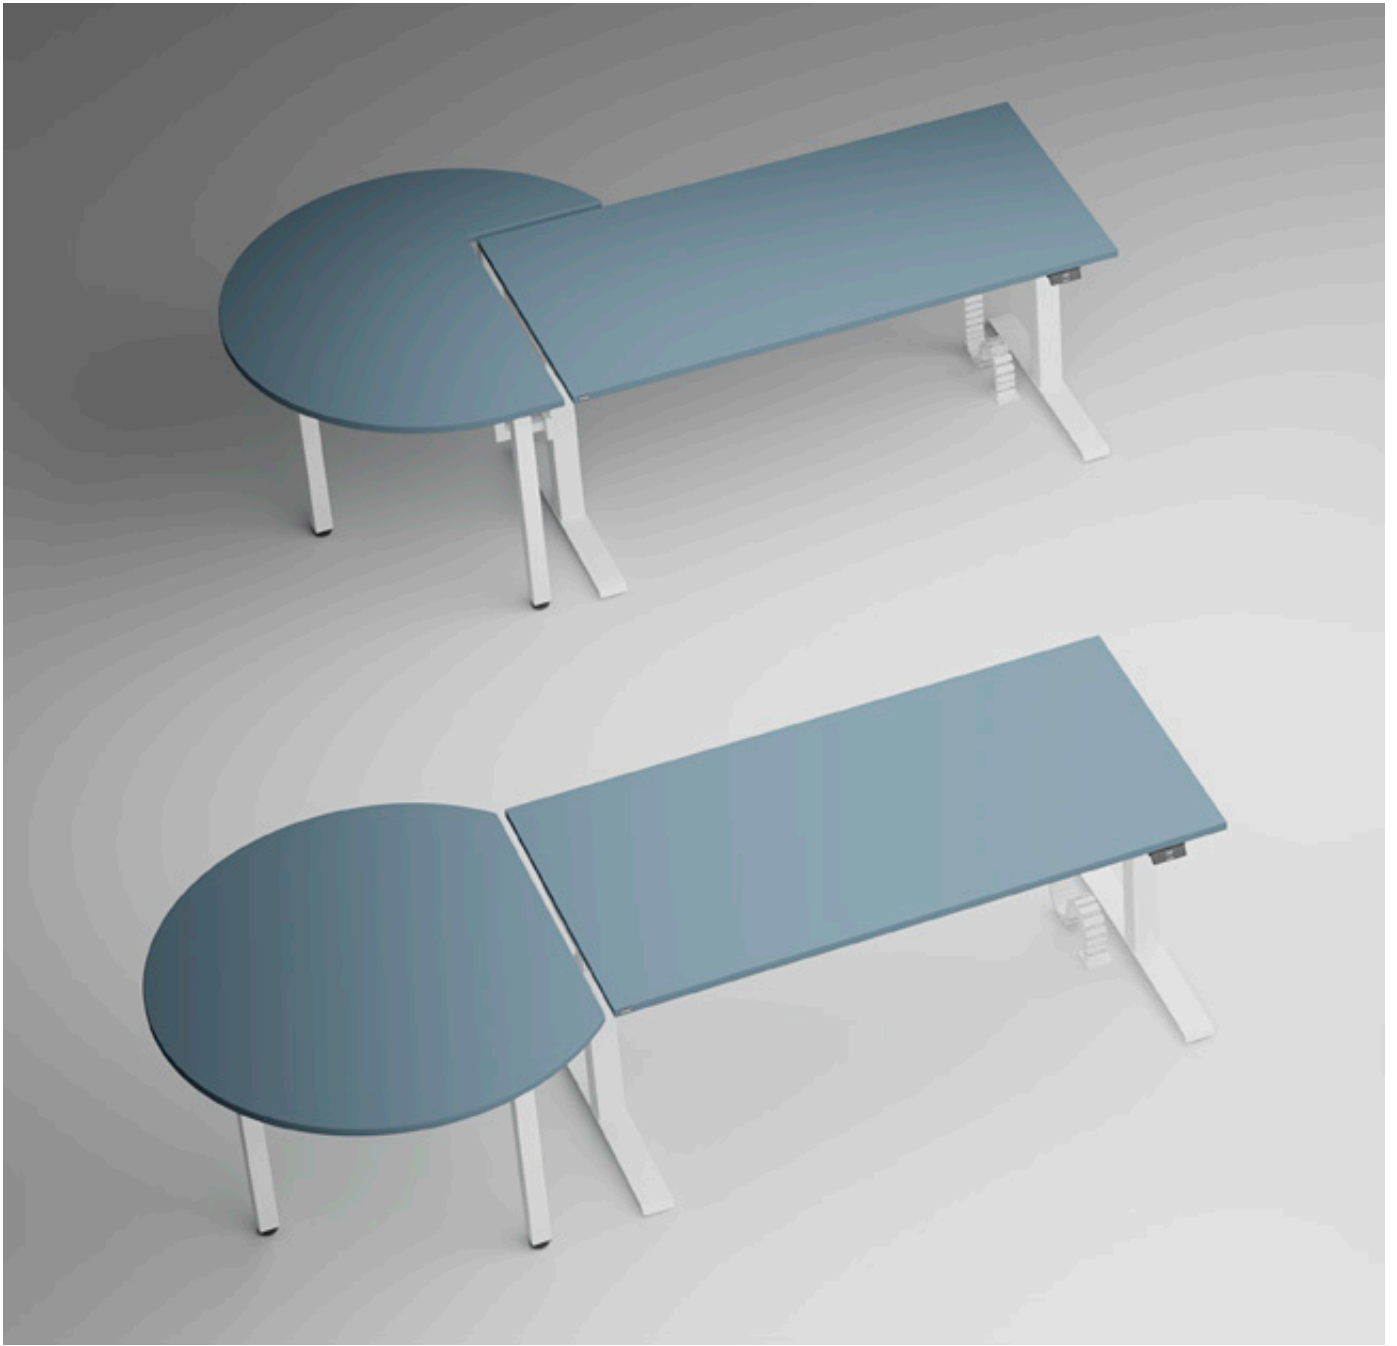

# DESK EXTENSIONS

Desk extensions are applicable to all desks on T-leg base. Their height is fixed (740 mm) or manually adjusted in range of 740–860 mm. Such solution provides additional surface which makes short meetings more comfortable for both co-workers.

# WORKBENCH

You want to be in contact with your team, and at the same time, you want to have your own space that will give you comfort and allow you to perform tasks individually. eModel 2.0 workbench will provide you with an ergonomic place by staying in touch with colleagues.

# CONFERENCE TABLE

Meetings can steal your precious time. Whenever you need quick consultations in a group the height adjustment conference table can offer you place for short informal standing meeting but also a comfortable seating position for a longer time.

Upper fully upholstered, front panel for desks with the possibility of driving pins

Control panel: up&down button
