

Say hello to the

FourAll® Family

Design by Roger Webb Associates

Nothing Beats Family

FourAll® Stool

2 Seater and 1 seater / FourReal® 105 table

Lounge soft seating for low and high level

Families evolve and grow right, but they stay true to their values and what makes them special. So, with that in mind, say hello to the newest member of ours.

FourAll®, an elegant collection of soft seating made up of a low and high back chair, a sofa, and single and double stools. The design is simple, well the best ones usually are but what makes this so special?

FourAll® Lounge
1 Seater, High back /
Four® Resting table

Design intent

A cross bar elegantly supporting a curved back, a neat, and simple leg that meets beautiful upholstery detail. Married with a choice of fully upholstered or a lacquered natural oak back with upholstery. You see, simple but special.

With the high back chair offering a chance for heightened privacy and acoustic comfort or perhaps the single stools and high sofa providing the perfect spot for vibrant, and energy filled collaboration.

All of this in a neat footprint that just oozes Scandinavian charm.

FourAll® Lounge

2 Seater, Low back fully upholstered
