

Softline

Softline

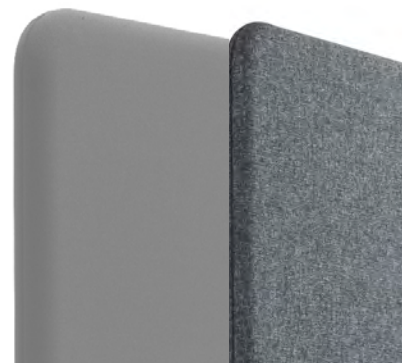

In high-noise working areas, Softline gives a high level of sound absorption on total screen surface. The screen is suitable for open office landscapes - with these you have the possibility to create smaller, separated work spaces.

Softline is simple stylish screen where the fabric determines the expression. Large selection of fabrics!

The screen is available in several performances: attached over the desk, modesty panel or as a mobile, free-standing screen.

The floor screen is available in two different thickness's: 30 and 50 mm.

Connectors and wall fittings

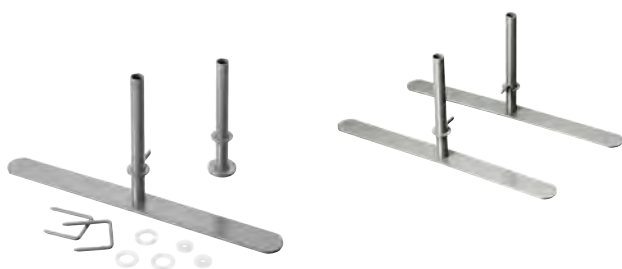

Two 40 mm connectors one at top and one at the bottom are used to connect two screens. Wall brackets and 3-way connectors are used to connect screens to a wall.

Softline leg set

Leg set 50mm

Also available with wheels (height 65 mm)

Additional shelving Softline

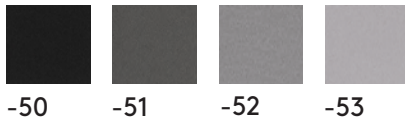

Softline is gaining a new accessory: shelving in transparent acrylic with a minimalist style. The shelving is available in three different designs: pen-holder, shelf and pigeon hole, and they are simply hung over the top of the screen.
