

Souly

Let's make your space together

MODERN SOUL

Design-oriented look combined with pure comfort.

Plenty of finishes in range of colours and types.

Extra comfort due to pocket springs
in the seat (option).

Intuitive, ergonomic mechanisms.

Dedicated "in house"
design of base and
lumbar support.

Headrest adjustable
in three dimensions.

Quick and simple
assembly.

SOULY GOES NEW WAYS

**Modern workspaces chase
for visionary ideas
and common values.**

**Have a look at this design-
oriented, passion-based chair
that impersonates bright minds.
In this product we managed to
combine utmost wanted features.
Souly is a perfect match for
all working spaces where
creativity speaks first.**

Design of Souly connects fluid but well-defined geometry with great attention to the environmental aspect of the product. Such approach let optimise costs and eventually made a high-quality, eye-catching, fully-ergonomic chair available to a wide range of customers.

Oscar Buffon
- designer of Souly

SOULY GOES GREEN

**Souly was brought to life with
a great dose of eco-awareness.**

**Designed by Oscar Buffon who
pays attention to the ecology and
developed by specialists who
know the value of sustainable
solutions. Souly is a product
that is less-waste itself!**

ECO-AWARENESS

**Mesh MV on the backrest made
in 80% of post-consumer polyester.**

**Seat cushion got used or damaged?
Order a new seat, not a whole chair.**

**Headrest and lumbar support to
be added or removed at anytime.**

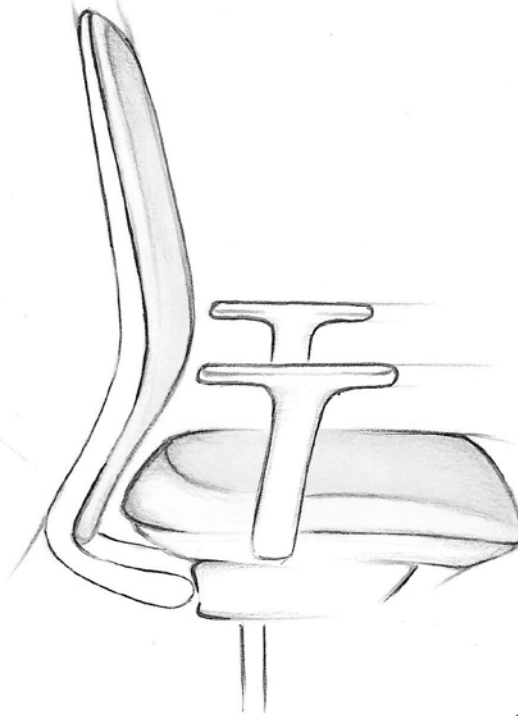

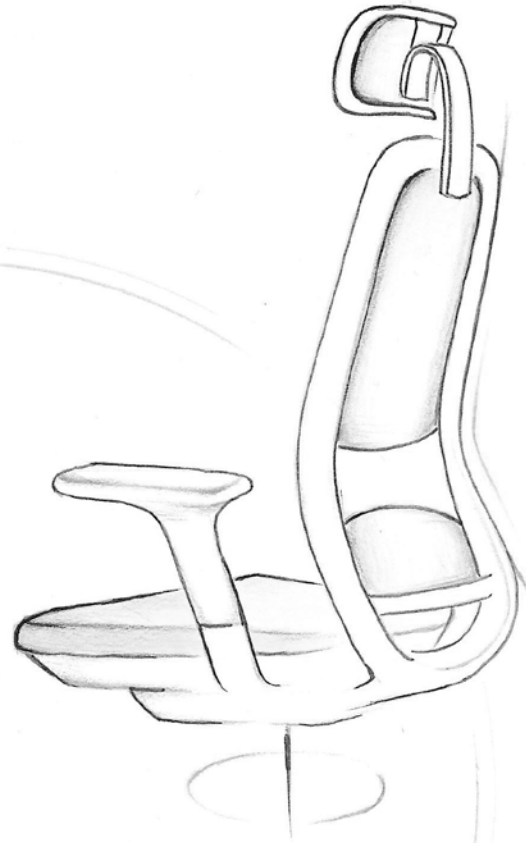

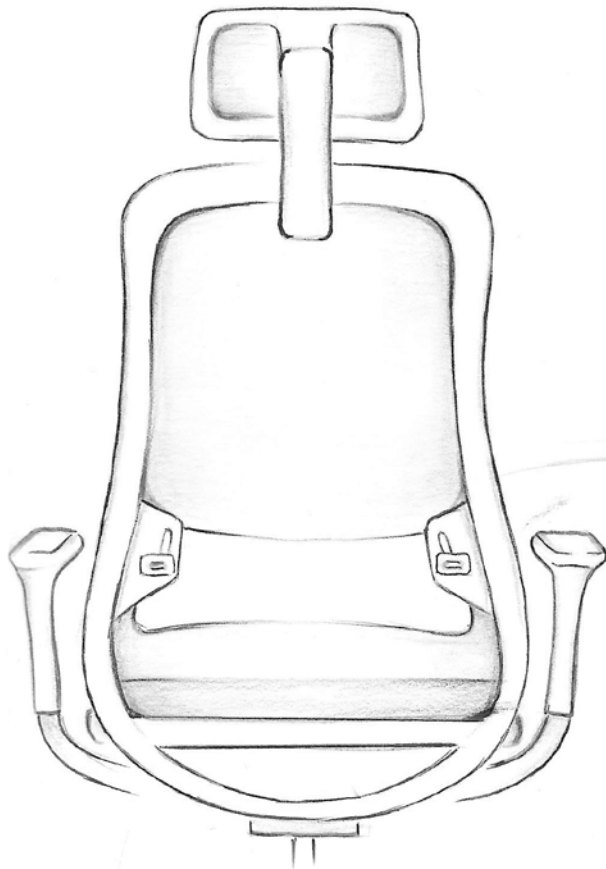

**Elements easily separable
for segregation and disposal.**

**Compact packaging to be
shipped by courier, with
reduced amount of plastic.**
