

Trinetic

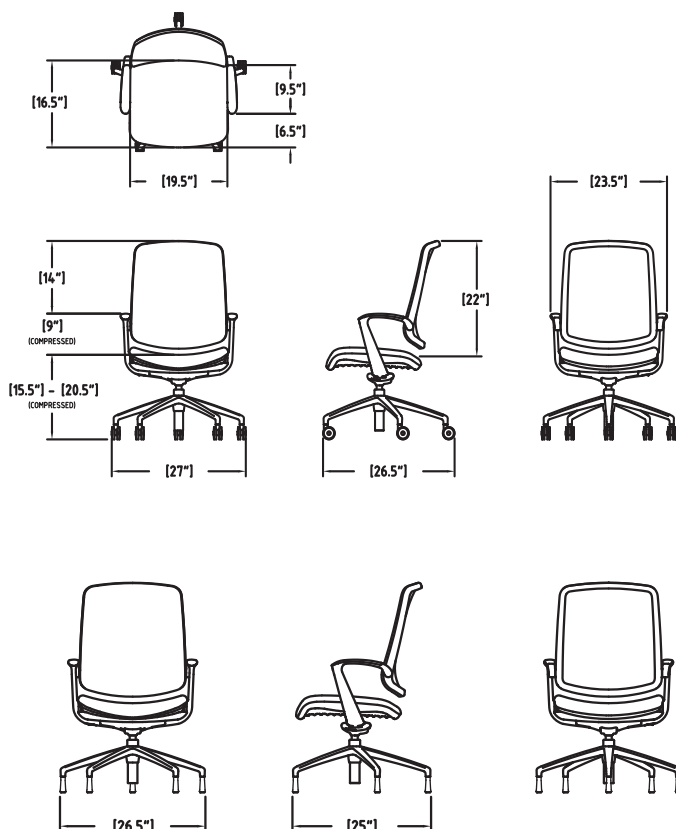

Product features

- Trinetic is the world's first fully certified task chair to provide dynamic support without the need for manual user adjustments.
- Trinetic is designed to support, rather than resist the user – following the individual through the thousands of micro-movements that we all make across every hour of every day to provide tangible circulatory benefits.
- Trinetic features three independent pivot points
- Trinetic is available with or without arm pads in black, white and chalk
- Black nylon five-star base with black castors as standard
- Can also be specified as four or five star glides
